Grain Day

March 16, 2012, 10:00 a.m. to 2:30 p.m.
Cornell Cooperative Extension, Cayuga County
248 Grant Avenue, Auburn, NY 13201
Cost \$25 (includes lunch)

Please be advised to receive recertification credits from these presentations, it is critical arrive early, plan to stay for the entire presentation, and bring your most recent pesticide card. We have applied for credits predominantly in the areas of Core and Category 21, Field Crops.

Agenda

- **10:00 - 10:30 AM Roundtable Discussion on the Potential For Increasing Insect, Weed and Disease (Resistance - Tolerance) to Pesticides with Russ Hahn, Elson Shields, and Gary Bergstrom discussing an example of a pest or pests that are gaining resistance and/or the processes that are increasing the chances of this happening.**
- **10:30 - 11:00 AM Review of 2011 Corn and Soybean Variety Trials by Bill Cox**
- **11:00 - 11:30 AM Weed Management and Cover Crop Considerations with Reduced Tillage Corn and Soybeans by Russ Hahn**
- **11:30 AM - 12:00 PM Discussion on Available Tools for Integrated Management of Fusarium Head Blight and Vomitoxin in Wheat by Gary Bergstrom**
- **12:00 - 12:30 PM Newly Emerging Resistance to BT in Corn Rootworm and Western Bean Cutworm. This talk will discuss the newly reported resistance in corn rootworm to BT-rootworm corn planted across the Corn Belt and the invasion of Western Bean Cutworm and the expected problems in NY agriculture.**
- **12:30 - 1:00 PM Lunch available at the meeting.**
- **1:00 - 1:30 PM Controlling Animal Damage (deer, turkeys, crows, geese, pigs, and bears) in Field Crops and the DEC Process for Nuisance Animals, by Ashley Myers**
- **1:30 - 2:30 PM Don Nelson Worker Protection Standards and Changes Within the DEC pesticides program by Don Nelson. This presentation will provide an update and clarification to the Worker Protection Standards segment of the NY DEC Pesticide regulations.**

If the expectation is also to pick up a 2012 Cornell Field Crops Guidelines or a cash account book please call 315/255-1183 and order these publications in advance so we can be sure to have them for you, for more information or to express reasonable accommodations.

Cornell Cooperative Extension, Cayuga Co. provides equal programming and employment opportunities.
