

Seneca County Partners for Children, Youth & Families is a local network of people committed to providing a high quality of life for children of our communities by coordinating existing services and improving their delivery for children and families throughout our county. The local partners include businesses, schools, United Way, community organizations, law enforcement, county agencies, churches, and parents as active participants. Our goal is the following:

**ACTION TEAMS:**

Infrastructure

Family Support:

- Literacy
- Substance Abuse
- Youth Development
- Housing

Data

By coordinating efforts of existing community resources, Seneca County Partners for Children, Youth & Families cultivates an environment in which our children will:

Be born healthy

Be prepared to enter school

Succeed in school

Have opportunities for positive youth development

Experience family support and stability

Have access to needed services

**Become self-sufficient, community members**

Where the impact of existing services for families is inadequate, the Seneca County Partners for Children, Youth & Families will develop additional resources to provide for unmet needs of children and families.
